COVID 19

If your child is displaying any of the symptoms of COVID 19 please do not send them into school. Please call the school office on 01514778260 to advise us. We must help to stop the spread of the virus by isolating if we have any of the symptoms and seek medical advice.

If there is an emergency out of normal school hours and you need to inform our school of anything as well as emailing our school please email: covid19@stannesprimaryknowsley.co.uk

Knowsley Council: The new variant of COVID is spreading fast and cases are rising across Knowsley. It is important that you follow national lockdown rules. By staying at home, we can protect the NHS. Parents/carers please only send your child/children into school and take up a place if absolutely essential. If you can keep your child at home please do so.

Breakfast Club and No Wrap Around Club

Should you need a place for Breakfast Club please book in via our live system on the app. Please only book a place if you are a key worker or your child is classed as vulnerable and it is absolutely necessary and you have no other options. We have to adhere to health and safety and we have a limited capacity therefore places are limited.

Unfortunately due to an unforeseen and unexpected staffing shortage we regret that we are unable to offer our Wraparound Club at present. Please accept our apologies for any inconvenience this will cause, it is beyond our control; we hope you understand. As soon as we are able to offer the facility again we will let you know.

Wonderful Work

Following on from a Science lesson a talented young man in Year 3 designed and built his own shadow puppet theatre, to demonstrate how shadows are formed.

Lockdown Growing Project

Why not join in with our lockdown growing project!

[#sacpskrootingforyou](#) Grab an old pair of wellies, some soil and some seeds and start planting! Share your progress and bring it to school when you return.

Being fit and active

Next week our child focus for St Anne's children is being fit and active. The NHS say being active can help us feel stronger, fitter, more energetic and sleep better as well as promoting mental health. They say children should be active for around 60 minutes per day. Children who are active usually have more confidence, higher self-esteem, less anxiety and stress and better social skills. Why not take a look at their website for some fun ideas to keep active <https://www.nhs.uk/change4life/activities/sports-and-activities>. We would love to see what you all get up to so why not share your activities with us via Seesaw, our Twitter feed or even our new Instagram page.

Some words from two of our Year 6 children Ruby Booth and Charlie Drew

We know right now it is a tough time but our school is open doing the best it can. Today has been a special day because Saint Agnes feast day which is our parish and we have St Agnes in our name. Our collective worship focus is Happiness and our child focus is being a responsible world citizen. We hope you are staying safe at home and have a good weekend.

A note from Mr Anderson

Dear parents/carers,

Thank you to everyone for continuing to keep your children at home and accessing remote learning, our staff have been so impressed with all your efforts. At times if your child is feeling unsure or frustrated please do send our staff a message during school hours and we will get back to you to reassure you that you are all doing a fantastic job. It can be frustrating and we know how tough this can be, but if we all work together we will get through this. Please remember if you are accessing a Key Worker/Vulnerable place only use this if you have no alternative. The demand has been huge and the government message is clear to stay at home. Thank you to everyone for staying safe.
