Highlights of the week

- Year 4/3 enjoyed swimming lessons at Knowsley Leisure and Culture Park.
- Thank you to Parent/Carers of Year 3 children who booked in for progress meetings.
- The Liverpool Harriers continued their sessions with Upper Key Stage 2 pupils.
- Our children have been busy designing owl templates for our school owl.

Weekly message from Mr Anderson

Dear families,

I hope you all had a good week and you are looking forward to the weekend.

Please check the dates and times of each class and their Collective Worship that are taking place in the build up to Easter. We wish to share with you how we promote Collective Worship in school. This will be a chance to pray and worship together.

Again this week we have had a lot of sickness which has affected different classes, this obviously influences attendance which is understandable. However, attendance is also affected by occasional days off here and there and term time breaks/holidays. It is so important (if our children are fit and well) that they attend school. This helps with their attainment and socially. Please ensure that your child attends school regularly and that they are on time. Gates open at 8:40am and close at 8:50am.

Next week sees the start of our PTA events please do support and any monies raised will be used to improve our playground.

Have a lovely weekend,

Mr L Anderson

Head Teacher

Attendance

Attendance is vital for our children to achieve in many ways. We are currently thinking of more incentives to improve our attendance.

Our overall school percentage this week is: 93.2%

Lates

Please remember that our school gates close at **8:50am**. Children arriving after this time are missing out on vital learning. Please ensure your child arrives between 8:40—8:50am. Children who are regularly late miss key elements of learning, which when built up over a long period, gaps in certain areas are noted. Thanks for your support in ensuring your child is in school for **8:50am**.

Collective Worship

Our Collective Worship focus this week was Kindness. Pray that the kindness of everyone shines through daily in our lives.

Our St Anne's Catholic Primary School child focus for the week ahead is: Spiritual

Collective Worship focus next week is: Holy Week

Our RE Focus: Lent/Easter—Giving

St Anne pray for us and our school. St Agnes pray for us.

CAFOD Collection

Throughout Lent we are collecting small/loose change for CAFOD. Each class has a collection box and children will be encouraged to bring in small change (1p, 2p, 5p or 10p) to raise money.

Walk Against Hunger

On Friday 8th April, St Anne's Catholic Primary School will be taking part in CAFOD's Lent challenge 'Walk against hunger'. The children will be completing a challenge to walk, run or jog as many laps of the school track as possible in half an hour. All children have now received a sponsor form. Completed sponsor forms and money should be returned to school by Wednesday 13th April.

Children's University

Mrs Revell requires evidence of hours completed from external after school clubs by **Friday 8th April**. Clubs outside of school must be affiliated with Children's University for hours to be registered. We have a record of all hours completed for after school clubs held at St Anne's.

Children's University - Online Mini Masterclass

Science - Plants

Enrich Education and the Children's University are delighted to announce that this April we will be hosting another of our online Children's University Mini Masterclasses.

The Mini Masterclasses are free, informal, fun, and engaging online lessons that children can participate in at home at the weekend.

The Mini Masterclass sessions will take place on a monthly basis throughout the year, with a different subject focus every month, including Art & Crafts, History, Maths, English, Science. The sessions are intended to encourage children to be curious and to awaken their interest in subjects across the curriculum.

April's subject is Science, and the masterclass will focus on plants. The session will touch on the origins of plants, how they have changed the world and the ways in which they are essential to life. It will then look at some amazing and fascinating aspects of individual plants and will finish with some suggestions for practical activities with a plant theme that children can do at home.

The session will be delivered by Keith McDowall, a former primary school teacher with decades of teaching experience.
