

Personal Statement: Laura Nelson

I would like to serve as a parent governor because I'm passionate about supporting the school community and ensuring that all children receive the best possible education.

As a parent, I have a vested interest in the success and wellbeing of the school. I bring a range of skills that I believe would be valuable in the role of a parent governor.

Professionally, I have experience in investigation and analysis, as I am currently a Police investigator and aware of all the processes and procedures and safeguarding, which means I'm confident reviewing information, asking the right questions, and making informed decisions.

I'm also used to working collaboratively with others, respecting different viewpoints, and maintaining confidentiality—skills that are essential in a governance role. Personally, I'm approachable, a good listener, and committed to supporting the school community. I'm keen to contribute constructively to discussions, help shape school policies, and ensure that the voices of parents are heard in strategic decisions."
