

Musician of the Month - Long Term Plan

Musician of the Month is an additional enhancement to complement our Music curriculum. Each month our children will be introduced to a musician. The month will begin with an assembly giving a background about the musician and sharing some of their music. They will then spend time throughout the month listening to their music and completing a variety of additional activities. The 6-year cycle means from Year 1 – Year 6 the children will experience 66 different musicians by the time they leave St Anne's Catholic Primary school. Please see additional information on our website for more details about the coverage and rationale.
